

Councils

Joining a council is your chance to step up to the mic and become an active citybuilder. Our councils span a broad range of strategic topics and are open only to our Members.

Economic Development Council

Identifies, develops, and facilitates the Downtown Denver Partnership's role in city, regional, and state development activities to enhance and maintain the economic vitality of Downtown Denver.

Housing Council

Addresses challenges facing residential development in the center city. The Task Force reviews and advances housing programs, policies, and initiatives that create and diversify housing opportunities in Downtown Denver and the surrounding center city neighborhoods.

Member Experience Council

Establishes strategies and policy recommendations to ensure that the Downtown Denver Partnership recruits and retains business members from diverse industries representing downtown's business community.

Mobility Council

Provides policy guidance and engages in planning processes to ensure Downtown Denver has enhanced mobility options and an integrated transportation network.

Public Realm Council

Provides policy guidance and tactical strategies to improve the overall experience of downtown's public spaces through urban design, activation, streetscaping, and other public realm initiatives.

Retail Council

Pursues the goal of making Downtown Denver a metro and regional shopping destination by attracting national and first-to-market retailers to downtown.

Women's Council

Engages members who are committed to accelerating the growth of businesses founded by women in the Denver Metro region. The Women's Council directly serves The Commons on Champa, the public resource center created by the Partnership through innovative public-private partnerships to advance economic prosperity through entrepreneurship and innovation. The Council oversees Women on the Rise, a program that fosters community and builds resource and support networks for entrepreneurial women.
