INITIATED ORDINANCE 300: RIGHT TO SURVIVE

OPPOSED

WHAT IS INITIATED ORDINANCE 300?

Initiative 300, also known as Right to Survive, is on Denver's May 2019 ballot. The initiative undermines public safety and the well-being of all Denver residents, including those experiencing homelessness, by preventing the enforcement of essential public safety laws. A citizen-initiated proposal, Initiative 300 would change the Denver Revised Municipal Code. If approved it would: Allow people to occupy all outdoor public places, including parks and sidewalks, indefinitely; Prohibit Denver from enforcing essential laws that protect public safety; Eliminate all park curfews.

Initiative 300 may also curtail the ability of trained outreach workers from approaching and offering services to people experiencing homelessness. The measure makes it illegal to "harass" anyone exercising his or her rights under the ordinance without providing a clear definition of what constitutes harassing behavior. This ambiguity could have a chilling effect on programs and outreach designed to serve the homeless.

WHY VOTE NO?

We believe in building a safe, welcoming and inclusive city. One where everyone can thrive, not just survive. We know that homelessness is complex, and not an issue with a "one size fits all" solution. We believe in the importance of continuing to work towards a multi-faceted, dignified approach that not only meets the needs of our neighbors experiencing homelessness but also provides empowerment through strong services, facilities, and resources.

PLEASE STAND WITH US AND VOTE NO ON 300.

INITIATED ORDINANCE 301 DENVER PSILOCYBIN MUSHROOM DECRIMINALIZATION

**NO
POSITION**

WHAT IS INITIATED ORDINANCE 301?

The passing of Initiated Ordinance 301 would decriminalize the use and possession of mushrooms that contain psilocybin, a hallucinogenic compound. This means that people twenty-one years of age and older could not be charged criminally for the personal use and possession of psilocybin mushrooms. Further, it would prohibit the City and County of Denver from spending resources on imposing criminal penalties related to personal use and possession of psilocybin mushrooms.

DOWNTOWN DENVER PARTNERSHIP'S MAY 2019 BALLOT GUIDE

Working collaboratively with our partners, the Downtown Denver Partnership (Partnership) advocates for policies that facilitate establishing Downtown Denver as one of the most vibrant, healthy & growing center cities in the country. We work to ensure that legislative and ballot issues and City policies positively impact our Members and our center city.

In addition to taking a formal position to oppose Initiative 300, the Partnership convened a Municipal Election Taskforce consisting of Members and stakeholders representing a variety of industries. The Taskforce collected candidate questionnaires and conducted in-person interviews with over 50 candidates running for municipal office. The Partnership does not take positions on candidates, but rather believes in the importance of educating our Members and stakeholders on the positions and values of each candidate as they relate to Downtown Denver and the work of the Partnership.

To learn more about the Downtown Denver Partnership's policy positions and to read full candidate profiles, visit downtowndenver.com/May2019.
