

Downtown Denver Partnership

# Urban Exploration

## Urban Exploration 2022: Itinerary Overview

The 2022 Urban Exploration trip will provide an opportunity for community leaders to network and immerse themselves in an educational setting where they will learn about city building principles from civic leaders in Mexico City. With over 22% of metro-Denver of Latino descent and a quick connection in a 3.5 direct flight from Denver, studying Mexico City creates tremendous opportunity for future collaboration, offers the opportunity to reframe Denver's conversation about inclusivity, and allows the Urban Exploration program attendees to play a proactive role in cultural education.
